

## GOODYEAR MILEAGE

Providing your customers with comfortable, stress-free and reliable travel services is critical to your company's success. Goodyear can help you *Get there*® with our high-quality tires and first-class leasing program.

Goodyear has a solid reputation for offering bus tires that last long and get the job done. Your customers can have confidence knowing they're riding on one of the most well-known brands of tires, and you can feel good choosing cost-effective tires that help provide great all-around performance.

Check out the Goodyear products available to find the tires that work for your specific fleet. Plus, learn all about the advantages of the Goodyear Bus Tire Leasing Program to determine how it can benefit your business.

### ADVANTAGES OF THE GOODYEAR BUS TIRE LEASING PROGRAM:

- No tire inventory investment for leased tires.
- Prices per mile established for fixed periods.
- Monthly payments for tire mileage operated.
- Complete inventory, including spare stock.
- Valve hardware and repair materials provided at no additional charge.
- No freight or tire disposal charges for U.S. deliveries.
- Flexible recordkeeping options.
- Computerized tire performance and inventory information available.
- Tire service program available, including equipment and personnel.
- Range of new tires and retreads in popular sizes available for your fleet.
